

R.W. Long Lumber & Box Company

Revolutionizing the Way the World Ships and Stores

At R.W. Long Lumber & Box Company, we believe strength, sustainability, and simplicity should work together. That's why our custom-built collapsible wooden boxes are designed to replace the outdated cardboard gaylord - delivering rugged, long-lasting performance for any industry.

Typical Warehouse with Collapsing Cardboard Gaylords

Why Choose Our Box?

- Built to Outlast - Made of durable wood, not cardboard.
- Stack with Confidence - Safely stack 2-3 high with heavier loads.
- Collapsible Convenience - Set up or break down in seconds.
- Custom Sizes - From compact crates to oversized bulk boxes.
- Rent. Return. Reuse. - Our rental system includes repair & reshipment.
- Long-Term Savings - Comparable price. Far superior lifespan.

Clean, Efficient Storage Using R.W. Long Wooden Boxes

Let's Build the Box You Need

Whether you need a dozen or a thousand, we'll custom-build to your exact specifications. Serving

bulk food, automotive, warehousing, and other industries that need durable, repairable, space-saving solutions.
